Zhongshan Kingrong Electronics Co.,Ltd.

Is a creative lighting manufacturer that thrives on smart ideas. Pioneer in Eco Lighting We use the latest LED and rechargeable battery technology to produce energy-efficient, durable lamps. Our products are environmentally friendly in every way, including the rechargeable recyclable batteries that power them. With more than 300 employees, we have built a reputation for the highest quality in the market with our durable products and excellent service. We have a five-step quality control process to ensure that all of our lamps are built to last. It is also important for KRECO to make the whole process of sourcing lamps easy for customers. As a result, we ensure that the entire service from order to delivery is smooth and efficient.

Power Bank Build-in LiFePO4 12.8V 160Wh Battery (50400mAh/3.2V)

Power Bank With LED Lighting

With 1pc 16V 48W Solar Panel (5M Cable)

AC Output: 220V 150W-200W

With 4pcs 12V 5W LED Bulbs (5M Cable)

With 1M USB Charging Cable (5 Types)

Total DC Output: 12V 60W (can charge upto 6 items at one time)

Total USB Output: 3.1A

Function protection:

Undervoltage protection, Overvoltage protection, Overcurrent protection, Overload protection, Short circuit protection, Overheat protection

220V Output support range:

Electric bicycle charging, Electric fan, LCD TV, Laptop, Printer, Cash register, Small pump, Emergency lighting, etc.

12V Output support range:

Suitable for all 12V products, such as 12V LED bulbs, Surveillance video head, beauty machine or manicure machine etc.

5V Output support range:

Suitable for all 5V charging products, such as smart phone, tablet PC, camera, multimedia player etc.
